In the event of **inclement weather** physical activity will be conducted indoors using a variety of portable materials such as balls, scarves, music cds, etc.

**\*Personal Care Routines** are handwashing tooth brushing, diaper changing, pottyng, or anything to meet the individual needs of the child. We provide supplemental snacks if children are hungry.

Children are allowed to rest on demand.

Children are allowed to use comfort items such as receiving blanket, pacifiers, or other items brought from home to help soothe.

**Small group** interactions include but are not limited to reading, songs, art activities, & rhymes.

**Discipline:** We do not use corporal punishment or time out. We use conscious discipline, redirection, and model appropriate behavior with our words & actions.
